Compound words

A compound word is made when two words are joined to make a new word. Ed's example is **snowball**. Draw a line between a word in the first column and a word in the second column to make compound words from this book then write the new words on the lines below.

news
draw
head
sun
kid

bridge
nap
light
paper
phones

Alliteration

Alliteration is the repetition of a letter or sound at the beginning of closely connected words. It is used to create a special effect. Ed's example from this book is **Slavedriver Slater**. Think of an alliterative word for these words.

_____ snowman _____ drawbridge
_____ monster _____ crownflakes
_____ prince

Ed's Poetry

Think about the things you would like to use to make a magic castle then complete this poem. Ed has started the poem for you.

My Magic Castle

For my magic castle I would make:

A drawbridge out of chocolate,

A moat

A dungeon

A courtyard

A throne room

A bed chamber

When you have finished your poem you could read it to a friend or learn and recite it.

Ed would enjoy reading your poem. You could email your poem to him.
