### Amy Wild, Animal Talker The Mystery Cat

by Diana Kimpton

In the **speech bubbles**, write what you think Amy said:

- when she and the Clamerkin Clan first found the ginger cat
- when she realised she had found a real celebrity to open the Primrose Tea Room

Draw the answer to the riddles.

I can't remember many things but I think I used to live on a boat with a very famous person.

I love animals and I have a special power to understand what my animal friends are saying.

Ed's Poetry

Here is a poem about cats by the poet Eleanor Farjeon. However some of the rhymes are missing. Complete the poem using the words at the end of the poem. You could make a border with pictures of cats and kittens.

When you have finished the poem you could read it to a friend or learn and recite it.

### Amy Wild, *Animal Talker*    *The Mystery Cat*

by Diana Kimpton

Design a poster for the Grand Reopening of the Primrose Tea Room. The poster is referred to on pages 37 and 38 of the book. Remember to give details of the time and place and mention that there is going to be a mystery celebrity!
